FAIR SHARE PAYMENTS

First off the payment plan for this year is below. We usually start in June but since we are a little behind this year I will start it in July. I will bill this amount on the 15th of each month to the student accounts, please try and pay all your band fees no later than winter break in December. If you can have them paid before GREAT, but if not the last payment will be December 15th. Remember, our main source of income for our kids comes from band fees being paid; this is what makes us such an amazing band and allows us to go and do all the cool stuff we get to do.
