# Southern States Marching Band Championships

Finley Stadium-UTC

Chattanooga, TN

November 3, 2012

Co-hosted by US Bands and the SDHS Band Boosters

We have a great opportunity to not only participate in the Southern States Championships but also to co-host the event with US Bands. This event is our largest single general fund fundraiser of the year. In one day, we can fund a significant portion of the monies it takes to operate a band program of this size and magnitude. With the participation of our entire booster organization, we can make this event a success.

The SDHS Band Boosters have co-hosted this event in the past with great success. There are a number of changes this year from years past as our co-hosts have had some reorganization and management shifts. The organization we are now working with is US Bands (USSBA was the name of the previous organization).

As co-hosts of this event, we must provide volunteers in a number of areas. Since it is an all day event, many of the positions will work in shifts so no one has to be in a position for the entire day.

**Our most immediate need is for a chairperson to coordinate the event. Please see Mr. Majors or me tonight if you can fill this need.**

Other volunteers are needed in areas including, but not limited to:

- Ticket Sales
- Program Sales
- Merchandise Sales
- Airgram Sales
- Transportation of adjudicators and event staff
- Parking

Mike Creasman has already posted positions for parking that day. Please note that this is a general fund fundraiser, and monies earned from this event will benefit the organization and not individual student accounts. We still have a number of other fundraising endeavors planned in the coming months to benefit the student accounts.

We will be sending out emails and phone tree messages with more information as the date draws closer. Please plan to participate in this worthwhile competition. Together we can make it happen!
