Instructions: The smaller sections are grouped together so it should be fair with approximately the same amount of students in each group. If you are in the Winterguard, but also play an instrument, you can donate to the instrument group. Section Leaders please keep an eye on what your sections are putting in the boxes for the baskets. Each theme should have a container included with the items for the basket. You can get a basket but if you want to go with your theme that would make the basket be more appealing. Such as College Bound Student could have a Laundry Basket or a trash can to hold the other items. The other items for this theme may be towels, wash cloth, trash bags, clock, laundry detergent, hand soaps, throw, or beanbag chair.

These are some suggestions to get you thinking. Have fun and think outside the box with your theme.
